NOTTINGHAMSHIRE DISTRICT MEDICAL OFFICERS

The Nottinghamshire County Council has recently approved a scheme for the improvement of the domiciliary public assistance medical service, including the revision of the terms of service and remuneration of district medical officers. At the time of the transfer of these officers from the boards of guardians to the county council no alteration was made in their salaries owing to the absence of evidence as to the volume of their work, but subsequent experience has revealed gross anomalies in the relation of salaries to work performed. The county medical officer and the public assistance officer have therefore worked out a scheme of remuneration on a new basis, which shall take into consideration the amount of work performed, the nature of the district, and the liability to supply drugs. Medical relief districts in the county area are to be divided into three categories —namely, (1) rural districts, (2) partly rural and partly urban districts, and (3) urban districts. It is proposed that the total remuneration of each district medical officer shall be composed as follows:

1. A basic salary, or retaining fee, of £20 per annum.
2. A capitation fee, on the following scale, paid quarterly in respect of each case actually treated: rural areas, 5s.; partly urban and partly rural areas, 4s.; urban areas, 3s. 6d.
3. Two shillings for each certificate required under Article 10 of the Relief Regulation Order, 1930, or supplied on the authorization of a relieving officer for any other purpose which is not covered by the capitation fee.
4. Extra fees enumerated in existing contracts.
5. Fees prescribed under Section 202 of the Lunacy Act, 1890.

The district medical officers in urban districts will be relieved of the obligation to dispense and supply drugs, dressings, and appliances, which will be supplied by the chemists at the cost of the county council. Medical officers will not be allowed to attend any poor person, except in emergency, unless they have an authorization to do so from the relieving officer.

The capitation fee has been assessed only tentatively, as the investigators were not in possession of adequate information as to the amount of work performed and as to the number of persons who, though entitled to receive treatment from insurance practitioners, were receiving it at the cost of the rates. It may therefore need revision in the light of experience, but the district medical officers are guaranteed a minimum remuneration equivalent to their present salaries. In the hope of evolving a simplified scheme of records and returns which will eliminate unnecessary clerical work, it is proposed to approach the Ministry of Health with a view to obtaining sanction to depart from the Public Assistance Order of 1930 by altering the form of the district medical officers' relief lists and statistical returns, and by discontinuing the issue of a ticket to permanent relief cases.

Representatives of the district medical officers to whom the proposals were communicated considered the arrangements to be generally acceptable, provided that they were guaranteed a minimum remuneration equivalent to their present salaries. Minor details of administrative procedure have yet to be settled, but it is proposed to put the scheme into operation for an experimental period of two years from April 1st, 1934.

THE POISONS BOARD

The following is the constitution of the Poisons Board established under Section 16 of the Pharmacy and Poisons Act, 1933:

Name	Appointing Authority
Sir Gerald Bellhouse (Chairman) Sir Walter Greaves-Lord, K.C., M.P. Sir William George Lobjoit Mr. M. H. Whitelegge	Secretary of State for the Home Department
Mr. J. M. Johnston, F.R.C.S.Ed.	Secretary of State for Scotland
Mr. J. N. Beckett Dr. G. F. McCleary	Minister of Health
Mr. H. E. Dale	Minister of Agriculture and Fisheries
Sir Robert Robertson, F.R.S. (or deputy)	*Ex officio* as Government Chemist
Mr. J. H. Franklin Mr. H. N. Linstead Mr. G. A. Mallinson Mr. E. T. Neathercoat Mr. P. Sparks	Pharmaceutical Society of Great Britain
Sir William H. Willcox, M.D.	Royal College of Physicians of London
Professor R. Stockman, M.D.	Royal College of Physicians of Edinburgh
Professor Sydney A. Smith, M.D.	General Medical Council
Dr. G. Roche Lynch	Institute of Chemistry of Great Britain and Ireland
Dr. J. W. Bone	British Medical Association

The secretary of the Board is Mr. M. D. Perrins of the Home Office, with Mr. K. B. Paice as assistant secretary.

Correspondence

MEDICAL REFUGEES

SIR,—With reference to Dr. Gurd's second letter (*Supplement*, January 13th, p. 15) I again agree heartily with all his sentiments, with the possible exception of the one that medicine is international, and I rather think that this may not represent his real opinion ; it certainly is not my opinion. Medicine may be international to those who can afford to consider it so. It may be international in the sense that wireless or the wearing of woollen socks are, but to the average general practitioner with a wife and family to keep medicine is most assuredly not international and never will be. Dr. Blonstein could hardly have chosen a more unfortunate or smug sneer than that of an "inferiority complex," and in company with Dr. Gurd I strongly resent it.

This country and its possessions has ever been the happy hunting ground for all the unwanted from other lands. I still fail to see any of these great benefits which we ought to have derived from this policy. Even when other countries are at the present moment insisting on conferring protection on their own nationals, we, the world's mugs, invite all and sundry to our Empire to take our incomes away and to compete in any unfair manner they may like. Of course we may not practise in their country—but a little thing like that does not matter ; we are only too glad to share our family's money and bread with them.

What is needed here is for the majority of general practitioners, the men whom this unfair competition hits, to band together, to insist on legislation on the Armbruster lines of France and Germany. After all, we are the most powerful trade union in the world. Let us do it before it is too late. Each Branch of the B.M.A. should take up this matter, whether they are affected or not. The white ant eats unseen, but the building tumbles just the same.—I am, etc.,

Fort, Bombay, Feb. 6th. C. V. THORNTON, M.B.

Association Notices

ELECTION OF MEMBERS OF THE COUNCIL BY BRANCHES NOT IN THE BRITISH ISLES FOR 1934–5

The following is a list of the nominations received with regard to the election of Members of the Council of the Association for the year 1934–5 for the following Groups of Oversea Branches:

South Australian, Tasmanian, Victorian, and Western Australian: Professor R. J. A. BERRY (Westbury-on-Trym).

Barbados, Bermuda, British Guiana, British Honduras, Grenada, Jamaica, Leeward Isles, St. Lucia, and Trinidad and Tobago: Mr. P. L. GIUSEPPI, F.R.C.S. (Felixstowe) and Dr. F. J. GOMEZ (South Petherton, Somerset).

Egyptian, Gibraltar, Kenya, Malta, Mashonaland, Matabeleland, Northern Rhodesia, Nyasaland, Palestine, Sierra Leone, Tanganyika Territory, Uganda, and Zanzibar: Dr. W. WATKINS-PITCHFORD (Bridgnorth).

Border, Cape Eastern, Cape Midland, Cape Western, Griqualand West, Natal Coastal, Natal Inland, Northern Transvaal, Orange Free State and Basutoland, Orange River, Southern Transvaal, and South-West Africa: Dr. W. WATKINS-PITCHFORD (Bridgnorth).

Professor Berry and Dr. Watkins-Pitchford being the only candidates nominated to represent their respective Groups are thereby elected Members of the Council of the Association for 1934–5.

Voting papers will be posted to all Members in the West Indies Group of Branches, where there is a contest, from the Head Office on Saturday, March 3rd, 1934. They are returnable not later than Tuesday, May 15th, 1934, to the Medical Secretary, British Medical Association House, Tavistock Square, London, W.C.1.

G. C. ANDERSON,
Medical Secretary.

TABLE OF DATES

Mar. 15, Thurs.	Branch Reports for 1933 due by this date.
Mar. 24, Sat.	Nomination Papers available (on application at Head Office) for election of (i) 24 Members of Council by grouped Branches in the British Isles; (ii) 2 Public Health Service Members of Council and 4 representatives of Public Health Service in Representative Body.
April 14, Sat.	Last day for receipt at Head Office of clinical papers by medical students and newly qualified practitioners.
April 21, Sat.	Publication of Annual Report of Council in *Supplement*.
April 28, Sat.	Last day for receipt at Head Office of Nominations: (i) by a Division, or not less than 3 members, for election of 24 Members of Council by grouped Branches in the British Isles; (ii) for election of 2 Public Health Service Members of Council, and 4 Representatives of Public Health Service in Representative Body.
May 12, Sat.	Publication in the *Supplement* of list of Nominations for election of (i) 24 Members of Council by grouped Branches in the British Isles; (ii) 2 Public Health Service Members of Council, and 4 Representatives of Public Health Service in Representative Body.
	Voting papers posted from Head Office where there are contests in the above elections.
	Applications for Scholarships and Grants must be received at Head Office by this date.
May 14, Mon.	Motions by Divisions and Branches for A.R.M. Agenda on matters of which two months' notice must be given must be received at Head Office by this date.
May 19, Sat.	Publication in *Supplement* of Motions and Amendments by Divisions and Branches for A.R.M. on matters of which two months' notice must be given.
	Representatives and Deputy Representatives must be elected by this date.
	Last day for receipt at Head Office of Voting Papers for election, where there are contests, of (i) 24 Members of Council by grouped Branches in the British Isles; (ii) 2 Public Health Service Members of Council, and 4 Representatives of Public Health Service in Representative Body.
June 2, Sat.	Publication in *Supplement* of result of election of Members of Council by grouped Branches, and of result of election of Members of Council and Representatives in Representative Body by Public Health Service Members.
	Nomination papers available (on application at Head Office) for election of 12 Members of Council by grouped Representatives (British Isles).
